

Industrial Electrical Silicone Rubber Bolt Cover

Electrical Silicone Rubber Bolt Cover an electrical insulator is a material in which current cannot flow freely. The atoms of an insulator hold tightly to electrons that cannot be moved easily. Other materials, semiconductors and conductors, conduct current more easily. What distinguishes an insulator is its resistivity. Insulators have a higher resistivity than semiconductors or conductors.

Electrical Silicone Rubber Bolt Cover an electrical insulator is a material in which current cannot flow freely. The atoms of an insulator hold tightly to electrons that cannot be moved easily. Other materials, semiconductors and conductors, conduct current more easily. What distinguishes an insulator is its resistivity. Insulators have a higher resistivity than semiconductors or conductors.

Product Parameter of the Industrial Electrical Silicone Rubber Bolt Cover:

- ①Product name: **Industrial Electrical Silicone Rubber Bolt Cover**
- ②Material: EPDM NBR Silicon or Can Custom
- ③Logo: Can Custom
- ④Size: Can Custom
- ⑤Can Custom: Black or custom
- ⑥Application: Automotive
- ⑦Certifications: IATF16949 ,ISO14001:2015,ROHS,CMC, etc
- ⑧Delivery: 30 -50days after sample confirmation
- ⑨Sample: 25-30 days
- ⑩Payment: 30% deposit, 70% payment before shipment
- ⑪Package: PE bags, Cartons,Pallet
- ⑫Payment Terms: T/T,L/C and so on.

⑬ Shipment Way: Vessel, Air, Express etc.

Product Feature AND Application of the **Industrial Electrical Silicone Rubber Bolt**

Cover:

Silicone rubber bolt cover high voltage insulator silicone rubber, high voltage sleeve silicone rubber is a kind of liquid additive silicone rubber material with excellent mechanical properties, excellent electrical properties and good creepage resistance, and a preparation method thereof. This liquid silicone rubber material has good fluidity, fast curing at high temperature, no need for secondary curing, no by-products in the curing process, and less material loss in the forming process. Short production cycle, high efficiency process characteristics.

Below is our industrial electric power silicone rubber parts:
